NeuRizer's website contains copies of Board and committee charters and many of the policies and documents mentioned in this statement.

2 Board of Directors

2.1 Roles and Responsibilities of the Board and Senior Executives

The Company Constitution (Constitution) provides that the business of the Company is to be managed by the Board which has approved a formal Board Charter detailing the Board's roles and responsibilities.

Other than as specifically reserved to the Board in the Board Charter, responsibility for management of the Company's business activities is delegated to the Managing Director who is accountable to the Board.

The Board Charter and the delegation of Board authority to the Managing Director are reviewed regularly.

*The **Board Charter** is available in the **ESG – Governance** section of the Company's website.*

The primary role of the Board is to set the Company's strategic and financial objectives, to select and appoint the Managing Director (or Chief Executive Officer) and to oversee the management of the Company against the Company's objectives.

In addition to matters required by law to be approved by the Board, the following powers are reserved to the Board:

- Overseeing the continuous disclosure process to ensure timely and balanced disclosures and ensuring that the Company has an effective process for communicating with stakeholders;
- Assessing the independence of Directors;
- Monitoring the effectiveness of governance practices generally; and
- Approving the issue of shares or other securities in the Company.

The Managing Director and senior executives:

- Recommend the Company's corporate strategy to the Board for approval and once it is approved, implement the corporate strategy;
- Develop business plans and budgets for consideration by the Board and once approved implement these plans and budgets;
- Develop, implement and manage the Company's risk management and internal controls framework;

- Assume day to day responsibility for the Company's conformance within relevant laws and regulations and its compliance framework;
- Provide accurate, timely and clear information to the Board to enable the Board to effectively perform its responsibilities; and
- Operate the business within the parameters set by the Board.

The Company Secretary is accountable to the Board through the Chairman on all matters to do with the proper functioning of the Board. The Company Secretary is responsible for carrying out the administrative and statutory requirements of the Board as set out in the Board Charter.

2.2 Board Composition

As at 30 June 2023 the Board has 6 directors. The Constitution provides that the Company is not to have more than 12 or less than 3 directors. The Directors Report in the 2023 Annual Report summarises the following:

- Skills, experience and qualifications of each director;
- Date of appointment and length of service; and
- Any special responsibilities.

The Company conducts regular Board reviews. The skills, knowledge, size and composition of the Board is also reviewed to ensure that the Company has the right combination of Directors to oversee the Company's business activities.

Table 1 is the Board's own assessment against what it considers to be desirable skills and experience. Directors rated their capabilities based on whether they have a clear strength based on tertiary qualification or extensive organisational experience in all or part of the relevant area.

The Board considers that collectively the directors have the skills, knowledge and experience required to direct the Company. The Board supplements its expertise with subject matter experts as appropriate (for example, regular attendance at Board meetings by relevant executives). The Board recognises that opportunities exist to consider diversity on future Board appointments.

2.3 Director Independence

The Board consists of a majority of non-executive directors, with one of those non-executive directors also being an independent director.

The Company has determined which directors are considered independent in accordance with the ASXCG Recommendations noting that an independent director is one that:

- Is not aligned with the interests of management or a substantial holder;
- Can bring independent judgement to bear on issues before the board; and

- Is free of any interest, position or relationship that might influence, or reasonably be perceived to influence, in a material respect their capacity to bring an independent judgement to bear on issues before the board and to act in the best interests of the Company as a whole.

The only exception the Company applies is where it is clear that the interest, position or relationship in question is not material and will not interfere with the director's capacity to bring an independent judgement.

Non-executive director Murray Chatfield is the Company's independent director.

Executive Directors Justyn Peters and Phillip Staveley are not independent due to their executive positions. Mr Zheng Xiaojang also has a consultancy contract with the Company and is therefore not independent. Mr Zhe Wang was appointed to the Board as a nominee of the Company's largest shareholder China New Energy Limited and is therefore not independent. Mr Jaehyung Yoo was a non-executive director until 31 July 2023. He was an employee of NRZ's second largest shareholder DL E&C Co. Ltd, and was therefore not considered independent. Mr Sunghun Ryu replaced Mr Jaehyung Yoo on 31 July 2023. Mr Ryu is also an employee of DL E&C Co. Ltd and is therefore also not considered to be independent.

The Board reviews the independence of directors before they are appointed and on a regular basis and at any other time where the circumstances of a director change and therefore require assessment.

2.4 Appointment and Re-Election of Directors and Board Renewal

The Board carries out the process of determining the need for, screening and appointing new directors. The Board assesses candidates against general criteria, considering the Board skills matrix, and the candidates ability to meet the Company's specific needs. Appropriate checks are made of the candidates character and skills to undertake the role of a director.

The Company has a program for the induction of new directors, including policy inductions and meeting with management as required.

The Company has a written agreement with each director (and senior executive) setting out the terms of their appointment.

In accordance with the ASX Listing Rules and the Constitution, at each annual general meeting, one third of the directors (excluding the Managing Director) along with any director appointed since the last annual general meeting to fill a casual vacancy must submit themselves for re-election.

The Board reviews the performance of a retiring director before accepting their offer to stand for re-election. The Company gives shareholders all information that is relevant to their decision whether to elect or re-elect a director.

2.5 Board and Senior Executive Performance Evaluation

The Board conducts a review of its effectiveness, against the Board Charter, on an annual basis, which involves:

- evaluating the performance of each Director against appropriate measures (including if warranted by considering the use of external advisers to conduct this performance review);
- for the non-executive Directors, evaluating the performance of the Chairman;
- comparing its performance with the requirements of its Charter;
- setting out its future goals and objectives; and
- reviewing and recommending any changes to its Charter deemed necessary or desirable.

The review of the Board's performance also addresses the ability for directors to access continuing education to update and enhance their skills and knowledge as they relate to the Company's strategy and objectives.

The Managing Director and Executive Chairman take part in annual performance reviews, with the Company measuring their performance against key performance indicators.

Board and senior executive reviews were undertaken in the financial year ended 30 June 2023.

2.6 Board Access to Information and Independent Advice

Directors have the right to obtain independent legal, accounting or other professional advice in relation to their role as a director at the Company. This will be at the Company's expense provided the costs are incurred with the Chairman's prior approval.

Directors have access to Company information, records and employees, subject to privacy and confidentiality obligations. Directors may ask management, through the Board or Managing Director, for reports or information to help make informed decisions.

2.7 Director's Remuneration

Details of remuneration paid to directors are set out in the Remuneration Report in the 2023 Annual Report. The report also sets out the policies and practices for determining the nature and amount of remuneration for directors and senior executives.

Shareholders will be invited to consider and approve the 2023 Remuneration Report at the 2023 AGM.

¹ "Corporate governance statement" is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable.
